

RINGO MCLENNANSON - THE BEATLES AND BEYOND : STAGE PLOT

Stage size = 3 x 2 aspect ratio

RINGO McLENNONSON - THE BEATLES AND BEYOND . . .

Ringo McLennonSon is a Beatles cover band that covers not only the Beatles but their solo bands after their break up.

Tommy Anderson - guitar and lead vocals

Paul Richards - bass and vocals

Jimbo Gibbons - drums and vocals

Steve Golba - keyboards

Sherry Golba - background vocals

Sandy Foglesong - background vocals

Soundman :

A set list will be provided. Please try to re-create the original sound from the Beatles songs as you are able, i.e., Paul McCartney's bass sound, John Lennon's and George Harrison's guitars, and Ringo's drums. Certain songs might need additional compressed vocals, echo, or reverb. Please familiarize yourself with the setlist before the show, and feel free to speak to any of the band members before the show. Steve (keyboards) handles sound questions, and Tommy (guitar) is the bandleader.

1. There are **five singers** in the band. but **all six will need to hear the vocals in the monitors.**
2. **All six will need to hear the keyboards, guitars, bass and (some) drums in the monitors.**
3. The two girls need to hear themselves in the MONITOR mix-they do not need to be prominent in the MAIN mix.
4. **Please boost Jimbo's vocals "With a Little Help From My Friends" and on Tommy's vocals in "All You Need Is Love."**
5. **Please keep the bass and Steve's keyboards loud enough in the mix. Keys are a big part of Beatles music.**
6. **Please boost Tommy's guitar in both the MONITORS and the MAINS during guitar solos.**
7. **Please play background music (provided) between sets.**

And a BIG THANK YOU from all the members of **RINGO ~**

Tommy * Paul * Jimbo * Steve * Sherry & Sandy
